Introduction

1. Purpose

- 1.1 This document sets out policy and procedures for administering the Children's Pension under the Veterans' Support Act 2014.

2. Legislative Reference

- 2.1 The relevant legislation is the **Veterans' Support Act 2014** (the Act), sections 38, 39, 72 to 75, 208 and 209, schedule 1 clause 9, and the **Veterans' Support Regulations 2014** (the Regulations) regulation 19.

3. The Children's Pension

- 3.1 The Children's Pension is an entitlement granted by Veterans' Affairs to provide children with financial support if their parent is severely disabled or has died as a result of qualifying service in the New Zealand Armed Forces.
- 3.2 The Children's Pension is a Scheme One entitlement. It applies to children of veterans with qualifying service performed
- a. before 1 April 1974; or
 - b. before 31 March 1975, in connection with the civilian surgical team based at Qui Nhon Provincial State Hospital, Binh Dinh province, Viet Nam; or
 - c. before 21 April 1975, in connection with 41 Squadron RNZAF in Viet Nam.

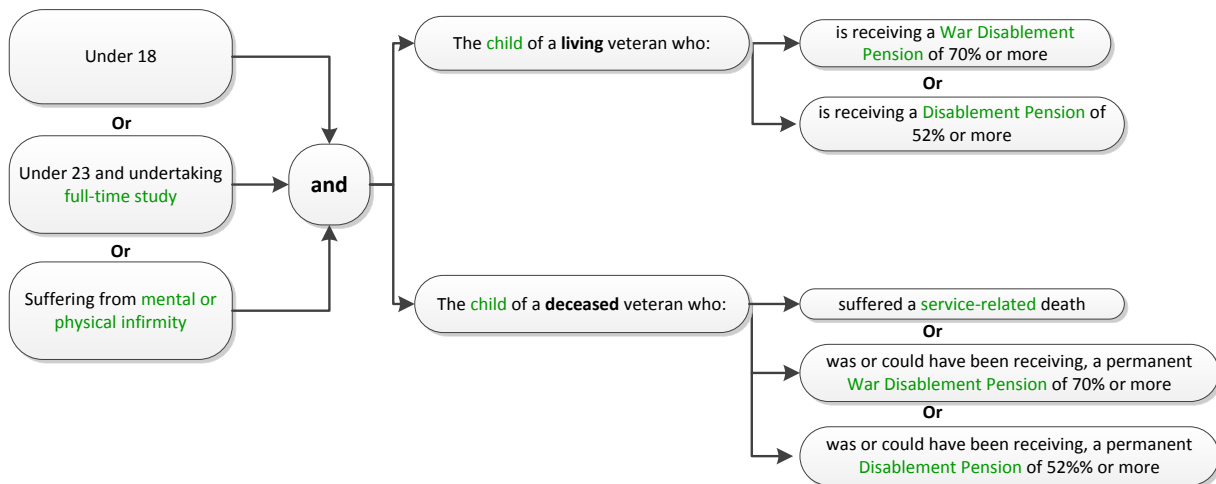

Section 38 of the Veterans' Support Act 2014

- 3.3 The Children's Pension also applies to children who claimed the Children's Pension before the commencement of Scheme Two of the Act and whose veteran parent had qualifying operational service performed in the period beginning on 1 April 1974 and ending on 6 December 2014.

Section 39 of the Veterans' Support Act 2014

4. Eligibility for Children's Pension

4.1 To be eligible for the Children's Pension a person must be:

Section 72 of the Veterans' Support Act 2014

Child

4.2 A **child** of the veteran includes:

- a. A natural child of the veteran; or
- b. An adopted child of the veteran; or
- c. Any other child who would ordinarily be regarded as a child of the veteran because the veteran:
 - Is or was the spouse or **partner** of one of the child's parents; and
 - Acted as a parent of the child.

Section 7 of the Veterans' Support Act 2014

Under 18

4.3 Unless they suffer from mental or physical infirmity or are undertaking full time study a child must be under 18 years of age to receive the Children's Pension.

Section 72 (1) of the Veteran's Support Act 2014

Suffering from mental or physical infirmity

4.4 If a child suffers from mental or physical infirmity Veterans' Affairs will provide the Children's Pension beyond 18 years of age.

4.5 A child over 18 is still eligible to apply for the Children's Pension if they meet the qualifying criteria and have mental or physical infirmity set out in 4.7. The child does not have to have been receiving a Children's Pension prior to turning 18.

- 4.6 If the child over 18 no longer suffers from the mental or physical infirmity entitlement to the Children's Pension ceases.

Section 72 (3) of the Veterans' Support Act 2014

Mental or physical infirmity

- 4.7 A child of a veteran will be considered to be mentally or physically infirm if they:
- Have a physical or mental disability;
 - Because of that disability need constant care and attention; and
 - Are likely to need such care and attention permanently or for a period exceeding 12 months.
- 4.8 In determining whether a child is suffering from mental or physical infirmity the decision maker may consider whether the child requires:
- Frequent attention in connection with their bodily functions; or
 - Attention and supervision substantially in excess of that normally required by a child of the same age and sex; or
 - Regular supervision from another person in order to avoid substantial danger to themselves or others.
- 4.9 Decision Officers will accept medical certificates from a **medical practitioner** as confirmation of mental or physical infirmity.
- 4.10 If the applicant suffers from a non-permanent infirmity the continuation of the impairment must be confirmed by Veterans' Affairs annually at least.
- 4.11 The carer or nominated person must be advised they have a duty to inform Veterans' Affairs if medical circumstances relating to the recipient's incapacity change.

Undertaking full time study

- 4.12 If a child of a veteran undertakes full time study Veterans' Affairs will provide the Children's Pension until the recipient turns 23.
- 4.13 Applicants aged between 18 and 23 are eligible for the Children's Pension if they are studying full time, even if they have not received the entitlement before they turned 18.
- 4.14 If the recipient between 18 or and 23 completes, suspends, or withdraws from full time study their entitlement will cease.
- 4.15 A recipient who withdraws from full time study can have their entitlement re-instated at a future date, provided they are a child of a veteran with qualifying service as described in paragraph 3.2 and meet the eligibility criteria for the entitlement.
- 4.16 A child of a veteran with qualifying operational service on or after 1 April 1974 who obtained the Children's Pension under Scheme One as per paragraph 3.3 of this policy is not be able to have their entitlement re-instated after it stops.

Full time study

- 4.17 A child of a veteran must be undertaking **full time study** at a secondary school or tertiary institute.
- 4.18 A **secondary school** includes a school established under section 146 of the **Education Act 1989**. It also includes equivalent institutions outside of New Zealand.
- 4.19 A **tertiary institute** includes:
- a. A university
 - b. A polytechnic
 - c. A college of education
 - d. A wananga
 - e. A private establishment continued by the Education Act 1989, or
 - f. Any other education provider approved by the Chief Executive of the Ministry of Education for the purpose.
- 4.20 A tertiary institute also includes equivalent institutes outside of New Zealand.

Section 72 (4) of the Veterans' Support Act 2014

Verification of full time study

- 4.21 Applicants and recipients must confirm they are studying full-time as soon as possible by notifying Veterans' Affairs in writing when they enrol or update their course details (see **Evidence required for an applicant over 18 and undertaking full time study**).
- 4.22 For the purposes of this policy, "full-time study" means a course of study recognised and confirmed as full-time by the place of education that administers the course.
- 4.23 A New Zealand course is considered full-time if it meets the equivalent full-time study (EFTS) rating.
- a. Full time study for a year must be at least 0.8 EFTS.
 - b. For courses less than a year, the full-time EFTS rating will depend on the length of the course. See **Appendix 2: EFTS for tertiary courses less than a year**.
- 4.24 More information on EFTS is available on the **Studylink website**.
- 4.25 An overseas course is considered to be full-time if the education provider confirms it meets the equivalent full-time study rating in the place of education that administers the course.

Child of a living veteran

- 4.26 A child of a living veteran can receive a Children's Pension if:
- a. The veteran is receiving **War Disablement Pension** for disablement that Veterans' Affairs has assessed as being 70% or more, or

Section 72 (2) and Schedule 1 clause 9 of the Veterans' Support Act 2014

- b. The veteran is receiving **Disablement Pension** in relation to disablement Veterans' Affairs has assessed at 52% or more.

Section 72 (2) of the Veterans' Support Act 2014

Child of a deceased veteran

- 4.27 A child of a deceased veteran can receive a Children's Pension if:

 - c. The veteran was receiving permanent Disablement Pension assessed at 52% or more, or
 - d. The veteran would have been receiving a War Disablement Pension assessed at 70% or more had they applied for it immediately before their death, or
 - e. The veteran would have been receiving a Disablement Pension assessed at 52% or more had they applied for it immediately before their death.

Section 72 (2) of the Veterans' Support Act 2014

Children of veterans with service in the New Zealand Police

- 4.28 Children of former police officers with service in the New Zealand Police between 1958 and 1972 receiving a War Disablement Pension or Disablement Pension can apply for this entitlement.

Section 42 of the Police Act 1958, section 110 of the Policing Act 2008 and section 7 and Schedule 1 clause 6 of the Veterans' Support Act 2014

Suspension of Children's Pension

- 4.29 An eligible child's entitlement to a Children's Pension is contingent on the living veteran parent receiving a War Disablement Pension of 70% or more, or a Disablement Pension of 52% or more. If the veteran parent becomes disentitled to receive a War Disablement Pension or a Disablement Pension, the child will also become disentitled to receive a Children's Pension for the corresponding period.

For example, the veteran parent was receiving a temporary Disablement Pension of 55%. The veteran's accepted disability improved and after re-assessment their rate was adjusted to 49%. Because the veteran is no longer receiving a Disablement Pension of 52% or more, the child is no longer entitled to receive a Children's Pension. The payment of the Children's Pension will be suspended and will resume if the veteran's rate is increased to 52% or more following reassessment.

If at the next assessment the veteran's disability worsens and their rate is increased back to 55%, the child will once again be entitled to receive a Children's Pension (provided eligibility criteria are met) and payment will resume.

End of entitlement for recipients over 18 who are studying full-time

- 5.15 Recipients over 18 and studying full time will receive the Children's Pension until 31st December, unless the recipient has informed Veterans' Affairs in writing that they intend to undertake full-time study in the following year.
- 5.16 Conditional Acceptance letters from tertiary institutes will be required as evidence of intent to study full-time in the following year.

- 5.24 When a recipient of the Children's Pension reaches 16 the Children's Pension payment is made directly to them.

Sections 208 and 209 of the Veterans' Support Act 2014
