

Notice of client consultation

We are currently running an independent client satisfaction survey through our partner Public Voice. This means that a random selection of our clients will be contacted by phone throughout the year, to ensure that they have the opportunity to provide feedback on a variety of topics.

The survey helps us to report on whether we are meeting our target of 70% satisfaction with case management and Veteran Independence Programme services.

If you do not wish to be contacted about the survey, please get in touch with us.
